## THE CITY COUNCIL IN SESSION

### City Solicitor Reports on Two of the Public Landings—Other Business.

A meeting of the Mayor and Council was held on Wednesday evening, and there was but a small amount of important business to be considered.

#### Petitions.

Thomas Hildebrand was granted permission to connect his property on Lincoln avenue with the sewer. H. H. Foote was granted a similar permission on Richards avenue.

The petition of H. B. Jenness to erect two posts in front of his place, 67 Islington street for an awning support, was granted.

The petitions of Z. Sanborn to repair a drain on Cabot street, and James O. Pettigrew on Pearl street, were granted.

The petition of George Q. Patten to erect a sign for the hotel Rockingham at the corner of State and Middle streets was granted.

The Portsmouth Gas Company petitioned for a main on Lincoln avenue, between Union and Broad streets, and it was granted under the direction of the Board of Public Works.

#### Communication from Auditor.

A communication was received from the city auditor, stating that he had referred the bill for an asphalt walk to the house owned by Howard Hanscom on Middle road, to the city solicitor for collection. That the solicitor had received an offer from Mr. Hanscom to settle for one half. The matter, after some discussion, was left to the city solicitor to collect.

#### To Decorate City Hall.

Councilman Stoddard offered a resolution authorizing the Mayor and Committee on Lands and Buildings to decorate the City building for the Old Home Week. Mr. Stoddard said that it would not cost over \$20.

Mayor Adams asked if the money

was to come out of the original appropriation of \$1000, and Councilman Trafton through that it should, that the city should not be liable. Councilman Stoddard said any old way as long as the building is decorated, and after some discussion it was passed.

#### To Pave Islington Street.

Councilman Bailey for the committee on bills on second reading, reported a new resolution in place of the one referred to them about the paving of Islington street. This resolution authorized the Mayor to borrow the sum of \$13,000, of which \$7,200 be for the remodeling of the old high school building and \$5,000 for the permanent pavement of Islington street.

Councilman Littlefield said he was in favor of the improvement of Islington street, but would not vote for the other.

Councilman Stoddard said that the Board of Public Works had stated \$10,000 was needed to repave Islington street in a permanent manner and he did not think that it would be good judgment to do half of it.

Councilman Bailey explained that for \$5,000 the street could be paved from the railroad track to Dover street, the worst of it, and the rest could be done another year. Councilman Locke said that the \$10,000 asked for would leave a gap from where the asphalt left off to Cabot street.

(Continued from Page 2)

## RECOGNITION OF THE UNIVERSALIST MINISTER

### Rev. Charles Henry Emmons Inducted into the Pastorate

The church was filled on Wednesday evening at the service of recognition for Rev. Charles Henry Emmons as pastor of the Church of Christ (Universalist.) The program of the evening was:

Organ prelude, Miss Flora Dimick. Anthem, choir, Miss Florence Hanscom, soprano, Miss Ella Lowd, Mrs. Mabel Humphreys and Miss Elo Whitier, altos, Mr. Davis, tenor, Geo. D. Whitier, bass.

Invocation, Rev. William H. Gould of Portland.

Responses, Rev. Benjamin F. Eaton of Dover, and congregation.

Scripture reading, John xvii, Rev. William H. Gould.

Hymn, "I Love Thy Church, O God," choir and congregation.

Offering. Sermon from John xvii, "And for their sakes I sanctify myself, that they might be sanctified through the truth," Rev. William H. Gould.

Anthem, choir.

Prayer, Rev. William H. Gould.

Response, choir.

Welcome to the church and parish, George D. Whitier.

Welcome to the fellowship of Portsmouth churches, Rev. Alfred Gooding, pastor of Unitarian church.

Charge to the new pastor, Rev. Benjamin F. Eaton.

Installation hymn, "We Bid Thee Welcome in the Name of Jesus," choir and congregation.

Benediction, Rev. Charles Henry Emmons.

The entire service was followed with the most intense interest by the large congregation. After the service many pressed forward to the space about the pulpit and tendered their congratulations and best wishes to Mr. Emmons.

The members of the ushers' association handled the crowd easily and quietly and without confusion. The officers of this association are: President, Gay E. Smart; vice president, Folsom Jenkins; secretary, John Pollard; treasurer, Philip White; executive committee, Rev. C. H. Emmons, John Bryant, C. Percy Joy.

The new pastor is a talented young man who comes here from Portland, Me. His pastorate of the Portsmouth church opens under the most favorable auspices.

### Joys Of summer

#### Emphasized In The Display Of Outdoor Furniture

For the piazza—a large and attractive selection of material and tinted Willow, German Reed, Maple and Rush pieces, each designed for tranquility and repose. For the lawn and paths—in readiness to put into place when the call of summer color and breeze beckons you to the shady open air:

#### Swings, Hammocks, Settees and Rustic chairs

Variety was never so large—prices never so small

Old Hickory rustic furniture. Arm Chairs \$2.50 and settees at \$5 Cane and Maple porch furniture begins at \$2.50 for a comfy rocker. Willow furniture—an arm chair as low as \$3.

Painted lawn swings in pleasing colors at \$6. Fibre rush furniture, chairs begin at \$7.50. Reed furniture from \$3.50 for a small chair, and other proportionate prices for very choice pieces.

You can enjoy the outdoor furniture more frequently if you have a Hoosier Kitchen Cabinet.

### The Whist Results at Two Club Meetings

### Hoping for Electric Lights Before June Goes

Kittery, Me., June 9.  
Kittery correspondent's telephone 295-5.

Next September will mark the big inning of the new commercial course at Traip Academy, a splendid course embracing commercial arithmetic, bookkeeping, commercial geography, stenography and typewriting. The studies are to be in charge of Miss Julia B. Skinner of South Portland, and without doubt many pupils will take advantage of the opportunity for a business education. Owing to having another teacher, it will make it possible to broaden the other courses, introducing French in the second year instead of the third. Many other changes will take place, all very beneficial to the pupils.

The commencement invitations for Traip Academy's graduation came today and will be issued next Monday.

Rumors are circulated that the much looked for electric lights will be put through by June 25. Welcome news to the pupils.

Next week is the last week of recitation at Traip Academy, the following week being given up for final examinations.

Miss Millie Damon was a visitor in Kittery yesterday.

Edward Shapley of New Hampshire State college has completed his second year of studies there, and is home again to spend his vacation.

The funeral of Mrs. Octavia Remick, widow of Jacob Remick, was held at two o'clock this afternoon in the

Second Christian church, Rev. E. H. Macy conducting the services. The Rebekah lodge attended in a body. She was laid to rest in Rogers cemetery. The funeral director was O. W. Ham.

Today a new canoe was shipped to Mr. and Mrs. David A. Wasson to use at Lake Sunapee.

#### Kittery Point

Kittery Point correspondent's telephone 295-5.

Mrs. Henry Blake entertained at whist on Tuesday evening. The prizes being awarded as follows: 1st ladies' Mrs. Amos Amee, 2nd, Miss Hattie Lewis, 3rd, Marion Blake; 1st gentlemen's, Victor Amee, 2nd, Burton Sawyer, 3rd, Henry Blake. The party adjourned at eleven-thirty after a very pleasant evening.

The F. D. Whist club was entertained today by Mrs. Chester Pierce of Eliot, a former resident here. Mrs. George Kimball carried off the first prize, Mrs. Wm. Symonds the 2nd and Lillian Walker, the third.

Miss Genevieve Torrey of Philadelphia, daughter of General Torrey, is a guest of Miss Anna Devatur.

Mrs. Jane Mills has her pleasant home to rent.

Mrs. Raymond Paul, who has been visiting her sister, Mrs. Thurston Patch, for four months, has gone to Hallowell, Me., where she will visit Mr. Paul's parents for a month. From there she will go to New York to join her husband who is employed there.

Mrs. Julia Todd pleasantly entertained the Ladies' Aid of the Free Baptist church last evening.

Perhaps the most beautiful of the early summer flowers are the huge red poppies in Mrs. Margaret Amee's garden.

Mrs. Jane Mills, who for many years has had an ice cream parlor is not going to open this summer.

Mumps seems to be spreading in town, Master Clayton Sawyer being the latest victim.

Little Geraldine Getchell, daughter of Mr. and Mrs. Frank Getchell, is ill. Mrs. Oscar T. Clark and son and Mrs. Julia Berry were guests in Portsmouth on Wednesday.

A very pleasant dancing party was held in Frisbee's hall last evening under the auspices of the firemen of Kittery Point. Quite a number were present and everyone appeared to enjoy themselves.

#### THE WEATHER

Thursday night and Friday—Generally fair, becoming cloudy, with scattering local showers in New England on Friday. Moderate temperature with variable winds.

## EVENTS OF ELIOT

### Annual Exhibition of High School Junior Class

### A Class of Eight Will Graduate This Evening

Eliot, Me., June 9.  
The Congregational church was packed on Wednesday evening with a delighted audience who listened to the annual Eliot high school junior exhibition. The class members were assisted by two from the class of 1912, three from the class of 1913, Fred Wilson and Arthur Hartford, singers, Mr. Landers of the navy yard band, cornetist, and Miss Florence G. Marshall of Portsmouth, accompanist.

The program was:  
Music, high school chorus.  
Prayer, Rev. William B. Eldridge.  
Music, high school chorus.  
Tenor solo, Mr. Hartford.  
"The National Flag," by Beecher, Ruth Hilma Fernald.

"Higher Education for Women," by Depew, Nellie Frances Payne, '13.  
"Elements of National Wealth," by Blaine, Adelbert Fletcher Cress.  
Music.

Duet, Messrs. Hartford and Wilson.  
"The New South," by Grady, Elizabeth Adele Raltt, '13.  
"The Unknown Speaker," Anon, Olive Etta Goodwin.

"Story of the Barefoot Boy," Trowbridge, Leslie Raymond Rowe, '13.  
Cornet solo, Mr. Landers.  
"Unknown Hero," Bogart, Monna Iyle Staples, '12.  
"The Convict's Christmas Eve," by Carleton, Myra Ellen Cole, '12.  
"Is the Young Man Safe?" Wellman, Lewis Shaw Worster.  
Music.

The junior class colors are red and white. The class officers are President, Lewis S. Worster; secretary, Ruth H. Fernald; treasurer, Olive E. Goodwin. These three officers constitute the class executive committee.

Today the Congregational church is being decorated for the graduation tonight of a class of four young men and four young women from the high school.

Mrs. Ella Paul went to Syracuse, N. Y., on Wednesday to visit her daughter, Mrs. Robert Wakefield.

Mrs. Chester Prince entertained the F. D. Whist club of Kittery on Wednesday afternoon.

Alonzo Bowden is at home from his work in Boston for a day.

John Cole is in poor health.

#### NEXT YEAR'S SENIORS

The class of 1911, Portsmouth high, has elected the following officers: Frank Booma, president, Gladys Young, vice president; Gertrude Hett, secretary; Sumner Dennett, treasurer.

Andrew O. Caswell, 12 1-2 Porter St., bottles Eldredge Brewing Co.'s Export Lager and Portsmouth Brewing Co.'s Export Lager. Keeps indefinitely. Not affected by heat or cold.

WHAT WE SAY IS SO

FIRST SOCIAL A GREAT SUCCESS

Large Number at Portsmouth Country Club Enjoy Events of Different Kinds.

The first of a series of socials at the Country Club was held on Wednesday evening, and it was a great success. There was a large number of the members present and there was something doing all of the time in the way of entertainment. The socials are to be a feature of the season, and are to be held every other Wednesday evening, with different committees of ladies in charge.

During the afternoon there were a good number playing golf and tennis and at the club house there were five tables of bridge. At the conclusion of the play at bridge, the favors were awarded to Mrs. Robert H. Harding and Mrs. Morgan Dada.

At six o'clock there was a large number out in automobiles and on the cars basket lunches were the order with coffee served at the club house.

During the evening there was music and dancing for which Miss Jessie Woods presided at the piano.

There were four events held, which were greatly enjoyed by the spectators, especially the sack race. There were two of these, a race for ladies, for which there were about twelve entries and it was won by Miss Jessie Woods. The sack race for boys was won by Leslie Leavitt and the potato race by Chester Conlon, with enough entries in both to run it in heats.

One of the novelties was a putting contest on the ninth green by the lights of the automobile lanterns, arranged so that they made the entire green very light. There were twelve entries and each entry had three balls and it resulted in a tie between H. J. Robertson, Jr. and F. F. Mannagan, and on the play off Mr. Robertson won first prize and Mr. Mannagan second.

During the evening refreshments of ice cream and sherbet was served. The efficient committee in charge were Mrs. C. W. Bass, Mrs. H. J. Robertson, Jr. and Mrs. Byron F. Staples. The committee for the next social will be Mrs. John K. Bates and Mrs. J. Edward Pickering.

**EAGLES WENT ON VISIT**

President George O. Lane, Vice President Frank W. Trueman, Past President Alfred J. McCourt, Jr., Secretary J. F. Horan and Chaplain Daniel Murphy of Mercedes Aerle, F. O. E., went to Newmarket on Wednesday attend the first meeting of the new aerle of Eagles lately established in that town.

**Many Women who are Splendid Cooks**

dread having to prepare an elaborate dinner because they are not sufficiently strong to stand over an intensely hot coal range. This is especially true in summer. Every woman takes pride in the table she sets, but often it is done at tremendous cost to her own vitality through the weakening effect of cooking on a coal range in a hot kitchen.

It is no longer necessary to wear yourself out preparing a fine dinner. Even in the heat of summer you can cook a large dinner without being worn out.

**New Perfection**  
WICK-BLUE-FLAME  
**Oil Cook-stove**

Gives no outside heat, no smell, no smoke. It will cook the biggest dinner without heating the kitchen or the cook. It is immediately lighted and immediately extinguished. It can be changed from a slow to a quick fire by turning a handle. There's no drudgery connected with it, no coal to carry, no wood to chop. You don't have to wait fifteen or twenty minutes till its fire gets going. Apply a light and it's ready. By simply turning the wick up or down you get a slow or an intense heat on the bottom of the pot, pan, kettle or oven, and nowhere else. It has a Cabinet Top with shelf for keeping plates and food hot, drop shelves for coffee, teapot or saucepan, and even a rack for towels. It saves time, worry, health and temper. It does all a woman needs and more than she expects. Made with 1, 2, and 3 burners; the 2 and 3-burner sizes can be had with or without Cabinet.

Cautionary Note: Be sure you get this stove—see that the name-plate reads "New Perfection."

**CITY COUNCIL IN SESSION**  
Continued from Page One.

and they thought that a little larger cap could be made and the worst one done now.

Councilman Stoddard was still of the opinion that the full sum was required and offered an amendment to that effect, but it was not seconded and the resolution finally passed its several readings.

**Refused to Vote.**

Councilman Littlefield, when it came to the ye and nay vote, refused to vote, on the ground that he favored the paving but not the High school appropriation, and the Mayor ruled that he would have to vote on it all. Mr. Littlefield said that he would not be bulldozed by the mayor or anybody else, and the clerk called his name several times before he finally voted no.

Councilman Stoddard asked for information from the Committee on City Lands and Buildings, regarding the plans, if there were any for disposing of the present city hall and site. Mayor Adams answered that no plans had been talked over, and there was nothing definite in the matter.

**The Fire Horses.**

City Solicitor Harding reported on the sale of the Harvey horses, that Mr. Harvey gave his warrant that the horses sold to the fire department were sound. That if they were sound the city was liable, if not Mr. Harvey had no claim. A veterinary, Dr. Rodwell of Dover, who was a member of the State Board of Examiners, stated that they were not sound, and he suggested that another veterinary be called to examine the horses at the earliest opportunity.

**City Landings.**

Solicitor Harding then took up the matter of city landings, and said that he had cleared up two out of the five referred to him. There were two others, that at Spring Line and the other at the foot of Daniel street that were all right as at present, so that left three, although he understood that there were others that he would look into at a later date.

He submitted the following report about the landing at the foot of Market street.

**THE OLD FERRY WAYS**

Landing at Foot of Market Street.

In 1774 the selectmen of Portsmouth, namely, Benjamin Ackerman, Sam. Curtis, George Hart, George Gains and William Langdon, petitioned to the Court of General Sessions of the Peace, to lay out a "highway and a place for ferry ways, beginning at the Northwest corner of Mr. Eleazer Russell's land by the street, thence running on said street North twenty-five feet; thence to extend Easterly the breadth of twenty-five feet; also said street through the land and water privileges claimed by Thomas Westbrook Walden, and Mr. John Rindge, into the Piscataqua River; which Highway and place for ferry way when laid out would be of great benefit to the public, etc."

The Court ordered Hon. John Phillips, Christopher Toppin and Walter Bryant, Esq., to be committee to view, examine, lay out, and estimate damage. This they did and laid out a highway and place for ferry ways as follows:

"Beginning at the Northwest corner of Mr. Eleazer Russell's land by the street; thence running North; 35 degrees West twenty-five feet, from thence to run North 55 degrees East to the channel, and to keep the breadth of twenty-five feet."

Damages were assessed at seventy pounds lawful money. Both abutters were notified but only one appeared. Dated February 15, 1775. Signed by the committee and filed in court. Docket number is 3506.

February 4, 1869 a bill was introduced in the Common Council of the city of Portsmouth to sell the old ferry ways, and was entitled "An Ordinance Providing for the Sale of Certain Real Estate." It passed the Council and was sent to the Mayor and Aldermen, and referred to a committee on bills on second reading. See Vol. 2 of Council Records under above date. See Vol. 5, Mayor and Aldermen Records, Page 32.

March 11, 1869 both aldermen and council voted to discontinue the old ferry ways. See Vol. 5 Mayor and Aldermen Records, Pages 34-35.

On Feb. 25, 1869 the mayor and aldermen voted to pass an ordinance providing for sale of certain real estate, which is indexed as "The old ferry ways." See Vol. 5, Page 38 of Mayor and Aldermen Records.

March 1 1869 the city by the late Hon. Frank Jones, Mayor, petitioned to the Supreme Judicial Court at the April term, to discontinue the highway leading from Market Street, formerly Fore street, to the channel of the Piscataqua River known as the ferry ways, laid out by court of general sessions of the peace, the 15th of February 1775, the reason being given, "as said highway is no longer needed for the accommodation of the public."

Publication was in the Chronicle March 5, 12, 19, 1869. The court ordered the petition to be referred to the County Commissioners to report at the next term.

A hearing by the County Commissioners was on Saturday, July 10, 1869. Service of notice was accepted by the City, Con. & Ports. R. R., and Con. R. R. Corp., all July 30, 1869. The Commissioners met and recommended that the highway and ferry way be discontinued. Report signed by John J. Leavitt, Abbott Norris, and William S. Pillsbury, County Commissioners. The report was accepted by the court and judgment entered for petitioners.

March 18, 1869 the City by "q. c. deed recorded 425, 182, granted to the Concord R. R. Corp. in consideration of one dollar "certain premises on the Piscataqua River in the city aforesaid, known as the Old Ferry, and being all the same situate and lying between Pray's wharf, so called, and the wharf property now owned by said railroad corporation,—on the following terms and conditions, to wit, said railroad corporation, its successors and assigns shall, during all the time hereafter while they shall occupy and enjoy said premises, provide and allow the free use for the purpose of a landing, in the same way as said ferry has heretofore been used, by all persons having occasion the crossing of a suitable space on the Southern side of said Pray's wharf, extending from the Easterly face of the bank wall, Easterly along said side of said wharf, with a floating stage and steps,

or platform for passengers therefrom, on to said wharf, and a pass-way thence along said wharf to the street; said stage and steps or platform, to be built at the expense of said railroad corporation, to the acceptance of the committee hereinafter named, and the same, together with the pass-way aforesaid, to be thereafter maintained by said railroad corporation."

This deed was signed by a committee "duly authorized," to wit,—

FRANK JONES,  
GEO. W. PENDEXTER,  
THOMAS D. GAMMON.

Deed was dated March 18, 1869, recorded on the 23rd and filed on the 25th. Before Wm. H. Hackett, J. P., three witnesses, and three seals.

Mr. Harding stated that there was a floating stage there now, but that the coal company had built a railroad bridge across the end of the dock, so that no boat could enter.

**Mechanic Street Wharf.**

On the public landing on Mechanic street, otherwise known as the Water company wharf, he had found that this dated back over a century, and the old deeds gave the city the property extending from the Southerly side of Gates street a distance of 87 feet, or three feet more than the assessors plans call for now.

From the street the property extended to low water mark, and the city had a right to fill in or do whatever they pleased. There was some dispute with Charles Drowne about three feet on his line, and Mr. Drowne claimed a docking right, but the solicitor stated that under the United States laws he had no right and the city or any property owner could extend his property to make a wharf to low water mark. The deeds transferring the property from the city to the Water Department, were displaced, and the solicitor would like to get them.

**Gates Street Landing.**

In regards to the public landing at the foot of Gates street, Mr. Harding said that he had not completed his investigation there, but was positive that the landing extended the entire width of Gates street to the channel, as all of the deeds referred to it in that way.

The report of the solicitor was accepted and no action was taken at this time, but as soon as the work is completed the Council will take steps to properly mark such landings and remove all obstructions or buildings on city property.

Adjourned for two weeks.

## PROBE ORDER IS SWEEPING

Conditions in Reform School May Be Investigated

## SUICIDE OF YOUNG BOY

Brings to Mind Revelations of Two Years Ago, When It Was Found That Inmates Had Been Punished With End of Rubber Hose—Legislation Is Asked For Power to Summon Witnesses

Boston, June 9.—The house of representatives is to be asked to start an investigation of conditions in the Lyman industrial school at Westboro as the result of the suicide of John Newman, 14 years old, at that institution.

The order providing for the investigation was introduced by Representative Mellen of Worcester. It is one of the most comprehensive orders submitted to the present legislature, providing as it does for an investigation of the entire system of corporal punishment in use in the institution.

The demand for an investigation is the outcome of revelations of two years ago, when it was found that boys in the institution had been punished with the end of rubber hose. The order is as follows:

"That it is the sense of the house of representatives that conditions tending to drive a 14-year-old boy to suicide as a means of finding relief from conditions at the Lyman school are too intolerable to be countenanced by the commonwealth.

"That a committee of five members of the house, to be chosen by the speaker, shall be appointed to investigate the suicide of John Newman of Cambridge at the Lyman school for boys on the evening of June 7. Said committee shall ascertain the treatment accorded to boys committed to said institution, whether or not it is unduly severe, the extent to which corporal punishment is resorted to, whether or not other methods of punishment are made use of by the authorities there, and for what cause punishment of any kind is meted out to the inmates of the school.

"Full information shall be secured as to what constitutes an infraction of the rules, the extent to which the superintendent controls the situation, and the power given to his subordinates.

"The report shall include a description of the implements used in inflicting punishment upon the inmates, and the number of blows allowed by the rules for each particular implement.

"The committee shall be allowed to incur expenses of \$500 in the investigation, and to summon witnesses. The report is to be made by the committee as soon as possible, recommending what action is necessary, in the case of the suicide of John Newman, fixing the responsibility for that act, and also shall recommend what action, if any, is necessary to remove any suspicion of barbarity that may exist in the methods of punishment in vogue at the Lyman school."

## CONVICTED IN TEST CASE

Dancing Teachers Exhibited Children Without Permit From Aldermen

Gloucester, Mass., June 9.—Mrs. Lila V. Wynan, a dancing teacher of Boston, and Harry Barber, a dancing teacher of Gloucester, were found guilty in court here of exhibiting children in an entertainment without first getting a permit from the Gloucester board of aldermen. Their failure to get the permit was looked upon by Judge York as a technical illegality and the cases were placed on file.

They were found not guilty of employing children contrary to law, and the court said that the section of the statute in regard to exhibiting children after 7 p. m. was not applicable to the case. The case was a test one.

## CARTER HOLDS THE FORT

Chief of Staff of the Army Until the Return of Wood

Washington, June 9.—Major General Carter, lately in command of the Philippine division, has assumed the duties of acting chief of staff of the army, relieving General Bliss, who, after a short vacation, will assume command of the department of the Pacific at San Francisco.

General Carter will act as chief of staff until the return to Washington of Major General Wood, chief of staff, when he will become assistant chief. Wood is expected here about the middle of July.

## Five Men Killed in Mine

Dover, N. J., June 9.—Five men were killed in the Richard mine by the overturning of a car in which the men were being drawn to the mouth of the mine. Five men fell a distance of 700 feet down the shaft.

New York Needs \$11,000,000 Albany, June 9.—State Comptroller Williams will receive bids on July 1 for the sale of \$11,000,000 4 percent State Canal bonds.

## HARRY WHITNEY

Peary-Cook Controversy Centred About Hunter

## NOT AFTER COOK RECORDS

Whitney's Expedition to the North Is For Hunting Only

St. John, June 9.—Harry Whitney of New Haven and Paul J. Rainey of Cleveland, bound on an Arctic hunting trip, passed through this city en route to Sydney. Whitney said that he was not going to the Arctic with any intention of recovering Cook's instruments or records reported to have been left near Etah. This trip, Whitney said, was for hunting and fishing only.

Whitney and his companion will join the whaling steamer Deothie, which has been chartered for the expedition, and which will be commanded by Captain Bartlett of Peary's successful expedition.

## DISAPPEARED WITH CH'LD

Charge of Kidnapping Is Lodged Against a Boston Couple

Boston, June 9.—Kidnapping is the charge placed against George and Mrs. Lovell, who on Tuesday evening disappeared from their recent home at 118 West Concord street, taking 3-year-old Irene Dowling with them.

For two years they had cared for this child, and when called upon to give up the girl to her new guardian and parent, Mrs. Jane McDewitt, who in December of last year lawfully adopted the child, they were unable to part with her for more than two days. She was with Mrs. McDewitt Sunday night, Monday and Monday night, and then the couple contrived to get her away and fled with her, leaving all of their clothing and valuables in their apartment.

The police of all New England have been warned to watch for them, but no clue has been found.

## PROTEST AGAINST NEGRO REGIMENT

President Will Not Grant a Request For Their Transfer

Washington, June 9.—Senator Jones of Washington presented to the president a telegram from F. S. Stedler, chairman of a mass meeting held near Fort Lawton, Wash., stating that a negro soldier had committed an outrage and demanding the immediate transfer of the Twenty-fifth Infantry regiment.

The president said that the request could not be complied with; that if any soldier had violated the law he should be apprehended and until there is a thorough investigation of the charges, no transfer of the troops would be made. The secretary of war sent an order to the commanding officer directing an investigation.

## KAISER'S FAMILY TOO BIG

Complaint of Social Democrat in the Prussian Diet

Berlin, June 9.—The lower house of the Prussian diet has referred to the budget committee the bill increasing the Kaiser's civil list \$500,000. The Social Democrats alone opposed the proposal.

Their spokesman, Herr Hoffmann, was frequently called to order by the chair. He drew the rebuke of "high treason" from the president by the suggestion that the Kaiser should be elected by the people.

Among other things Herr Hoffmann complained that "the crown had too many children."

## Royal Nuptials at Potsdam

Berlin, June 9.—Prince Frederick William of Prussia, youngest son of the late Prince Albert, was married at Potsdam palace to Princess Agathe of Ratibor, eldest daughter of Duke Victor of Ratibor. The prince is 30 years old and his bride 22.

## Jeffries' Prediction

San Francisco, June 9.—Jim Jeffries has made his first prediction about the outcome of his fight with Johnson. "I'll beat Johnson as quickly as I did Munroe," he said.

## KNOW BOOKS WERE WRONG

What Coleman's Father Says of Bank Directors

## THE DEFENSE OF KELIHER

Convicted Bookkeeper Frankly Admits His Stealing—Told Hotel Keeper That "Big Bill" Was Not Concerned in Fake Faro Games—Cashier of Bank Saw Funds Disappearing Without Suspicion of Theft

Boston, June 9.—The directors of the National City bank of Cambridge knew that the books were not right several weeks before the closing of the bank last February, George W. Coleman told his father, Walter G. Coleman, according to the testimony of the father in the "Big Bill" Keliher trial in the federal court.

Keliher is on trial charged with aiding and abetting Coleman in wrecking the bank. The elder Coleman, who has stood loyally by his son through the ordeal of the startling bank defalcation, told Herbert E. Lombard what George had said. Witnesses called by the defense testified:

That Coleman said he was going to marry Mamie Hightower because she had money stowed away in the bank. That he said that his grandmother had died and left him a "pile" of money.

That he said he had \$50,000 in a Cuban enterprise and expected big returns.

That he said he had given Mrs. Taylor a certified check for \$500 last Christmas.

That he bought \$4000 worth of jewelry from Frank A. Andrews within three or four years.

That he represented himself as a secret service agent with an expense account of from \$5000 to \$10,000.

That upon his advice Andrews was \$10,000, which his wife inherited from the bank shortly before it closed. (Coleman, when a government witness, testified that Andrews drew out \$2000 of this.)

Mr. Lombard was called to the stand and Lawyer Pratt tried to establish his testimony as to how he warned Cashier Earl, last winter about Coleman's expensive ways, but it was ruled out. Two witnesses testified that Coleman had told them that an aunt had bequeathed him between \$50,000 and \$60,000.

Wellington L. Hallett of the Kisse Kar Company testified that Coleman was to invest \$5000 in the company. Mr. Hallett had no idea where Coleman was to get the money.

Walter E. Knight, proprietor of the Berwick house, Boston, said Coleman told him on March 15:

"Bill (Keliher) didn't have any thing to do with the brace faru game. He didn't know where I was getting the money. I had handed him the coat a rich relative of mine had died and left me a bunch of money. Late I met Coleman at Keliher's. He said: 'I'm reconciled to do my bit to this, but French wants to get some body else.'"

Frank L. Earl, formerly cashier of the National City bank, testified that he saw the funds of the bank gradually melt away last fall and winter until they had dwindled from \$100,000 to \$109,000, and yet he never suspected that any one was stealing the bank's money.

Earl followed George W. Coleman on the stand. Coleman was the first witness called in the defense of Keliher, who is charged with aiding Coleman in looting the bank. Coleman, who will shortly begin to serve a fifteen years' sentence in the Greenfield jail for his share in the bank robbery, frankly admitted his stealing on the stand. He told how, with a single stroke of the pen, he wiped out deposits, lowered them or "doctored" them to suit his will.

The names of Mrs. Marguerite L. Taylor and Miss Mamie Hightower were brought into the case while Coleman was on the stand. He said that he used to give Mrs. Taylor \$25 a time. After he met Miss Hightower last October he gave Mrs. Taylor \$15 a week. He gave Mrs. Taylor money for two years, he said.

The convicted bank clerk testified that on Dec. 1, while National Bank Examiner Pepper was in the same room with him in the bank, he (Coleman) manipulated the figures in the deposit of President Dresser to cover a theft of \$20,000 from his account.

"Examiner Pepper was right there in the banking room," testified Coleman, "and while he was busy on another book I simply took this book and dropped the president's account \$20,000. He had a credit of \$39,168.31. I changed the first '3' to a '1'."

There was no softening of words by Lawyer Pratt in the questioning of Coleman. The lawyer used the word "steal" almost every time he referred to Coleman's taking bank money, and Coleman came back frequently acknowledging that he "stole" the money.

There was nothing of the spirit of bravado about the convicted bank clerk. He spoke in a low tone and seemed depressed. He had lost the jaunty air that characterized him when the trial first began.

## SAYS HUSBAND EVEN TOOK HER RED AWAY

One Complaint in Mrs. Wheeler's Suit For Separation

New York, June 9.—Light was thrown upon the suit for separation brought by Claudia C. Wheeler against Albert G. Wheeler, Jr., when the papers in the suit were filed in the county clerk's office.

Mrs. Wheeler charges that her wealthy husband deserted her. He does not deny it, "but feels his duty to state that he had a good and ample cause therefor." Neither reveals that cause.

Mrs. Wheeler says that to get the furniture in their apartment Wheeler began a replevin action and the sheriff took away all the furniture and furnishings, leaving her without even a bed upon which to sleep.

## MILK COMPANY FINED

Product Showed Millions of Bacteria to the Cubic Metre

Boston, June 9.—The C. Brigham company, milk dealers, were arraigned in the South Boston court, charged with having an excessive amount of bacteria in their milk. The company was fined \$50, introducing no evidence in defense. It is charged that the samples of their milk which was tested showed from 500,000 to 3,000,000 bacteria to the cubic metre.

Attorney Cusick read from a long prepared document statements to the effect that in his mind the court had no jurisdiction in the matter, that the defendant did not wish to appear and asking that the complaint be quashed for several reasons. The court, however, refused to quash.

## NINE CENTS A QUART

Price Which Will Be Paid by Boston Consumers of Milk

Boston, June 9.—Beginning July 1, Bostonians, and those living in Greater Boston, will be compelled to pay 9 cents a quart for milk. At a meeting of both the producers and the contractors, it was decided to raise the price of this fluid from 8 to 9 cents a quart.

The price of milk for the month of June will remain as it has been for the past several weeks, 8 cents a quart.

## Turner in Field Again

Boston, June 9.—State Auditor Henry E. Turner of Malden announces that he is a candidate for renomination on the Republican state ticket this fall.

## TO GIVE BLIND MAN HIS SIGHT

Portion of Another Man's Eye Is Transplanted

## MOST DELICATE OPERATION

Performed in New York Hospital and Is Believed to Be First of Its Kind—Opaque Cornea Removed From Eye of Patient and Normal Cornea Taken From Eye Which Was to Be Removed Is Substituted

New York, June 9.—Transplantation of a part of the eye of one man to that of another who is blind is expected by the physicians in the Flower hospital to restore the sight completely of a Chinese who for years has been unable to distinguish between night and day. The physicians declare there is every reason to believe that the man's sight will be restored. The medical world is awaiting with a strong degree of anxiety an announcement of results.

The remarkable operation which surgeons believe to be the first of its kind was performed in the hospital by Dr. Copeland, dean of the institution and professor of ophthalmology. A section of the cornea of the human eye was the part transplanted.

When Dr. Copeland first examined the eyes of the patient he found the cornea, or transplanted coat, of each eyeball so opaque that the patient could not distinguish night from day. Among the other patients in the hospital was one whose left eye had been injured so badly that it was necessary to remove it. The cornea of this eye, however, was normal and it was decided to operate on both patients at the same time and use the cornea of the enucleated eye to remedy the defect in one of the eyes of the other patient.

Both patients were anaesthetized at the same time and placed on operating tables. Copeland stood between the two tables, while several assistants attended the two patients.

First a circular section of the opaque cornea of the eye of the Chinese was removed with a delicate revolving knife of the special Von Hippel instrument. Four of the five layers of the cornea were cut through. The fifth was left intact, so that the aqueous humor of the eye might not escape.

The surgeon then turned to the other patient and with the delicate instrument removed from the normal cornea of the injured eye a section similar in size and shape to that removed from the opaque cornea. This healthy section was placed in the orifice which had been made in the eye of the Chinese and the eye was then bandaged. This patient was then removed to his room and the surgeon completed the enucleation of the injured eye of the other patient.

The case was considered practically hopeless by surgeons who made examinations before the operation was decided upon, but those who witnessed the operation declare that there is every reason to believe that the transplanted section of cornea will unite evenly.

## PLAR: SUE BY COOK

Action to Recover \$10,000 Claimed Due For Polar Products

Berlin, June 9.—According to the Lokal Anzeiger, Frederick A. Cook has instituted suit in the Berlin courts against Robert E. Peary. The paper says Cook seeks to recover \$10,000 which he alleges to be due him in payment for bear skins and other polar products.

It is believed here that Cook sought retirement in the environs of Berlin when the cry of fraud was first raised against his claim that he was the discoverer of the Pole. He lived in a sanitarium under an assumed name, but was in close touch with the news of the great controversy through the newspapers. His discovery by a German reporter sent him fleeing from the country.

## MORE SHOCKS IN ITALY

Earthquake's Death List Is Estimated at About Fifty

Naples, June 9.—A series of slight earth shocks was recorded by the seismographs at points in southern Italy. The disturbances, however, were not otherwise noticeable, and the people throughout the region that was severely shaken Tuesday are calmer in the hope that the worst is over.

The number of casualties resulting from the earthquake has not yet been definitely ascertained, some of the reports estimating the dead at fifty.

## Killed in Elevator Well

Boston, June 9.—Harry B. Warren, aged 21, an elevator boy, was found in the bottom of the elevator well at 28 Bromfield street in an unconscious condition after having fallen. He died a short while afterward.

## Indicted For Murder

Plymouth, Mass., June 9.—Charles P. Fernald of Onset was indicted by the grand jury upon a charge of murder. Fernald struck Joseph H. Heilman over the head in a dispute over a billiard game.

## YOUNG "WITCH" IS SAVED

Indiana Had Made Preparations to Torture and Kill Her

San Bernardino, Cal., June 9.—Driven by fear of death at the hands of her tribe, whose members believe her to be a witch, Mamie Holman, an Indian girl, 16 years old, has walked for more than 100 miles, the distance from the Conchilla reservation to Santa Manuel reservation. The girl was taken in charge by Indian Agent Royce, who says that he learned of preparations to torture and kill her. She will be sent to the government school at Phoenix.

Sufficient proof to the Indians that the girl is a witch were the facts that several on the reservation were made ill, a pumpkin withered after the girl's shadow had fallen on it and a big dog chained up in front of her parents' shack howled all night.

She was shipped, and one evening when she saw the aged braves gathered on a hill at sundown and indulged in strange rites, she slipped away and was four days reaching the Santa Manuel reservation.

She was found by officials of the reservation as she was about to recede herself from "witchhood" in accordance with one of the superstitions of the Indians by bathing in the waters of the Arrowhead.

## DEAD FISH IN RESERVOIR

Wakefield Citizens Fear That Water Supply Is Contaminated

Wakefield, Mass., June 9.—Much alarm was felt by the residents of this town when it was learned that the fish in Crystal lake, from which the town draws its water supply, are dying in large numbers.

Many of the citizens here feel that the water has been poisoned. Yesterday several boys were seen gathering up the dead fish, which include perch, bass, yellow perch, and pickerel, presumably for eating purposes. Later, however, the water commissioners caused notices to be placed warning people not to eat the dead fish. A patrol was also placed along the lake's edge to keep people away from the water.

Crystal lake is about a mile long and half a mile wide. About thirty years ago the waters of the lake were well stocked with fish by private individuals.

## CONGRESS IS READY TO RUSH BUSINESS

Leaders Expect Adjournment by the First of July

Washington, June 9.—Senate and house leaders, with the co-operation of the president, have begun a vigorous campaign for an early adjournment of congress.

Looking toward this end, the president hopes that the senate will accept the postal savings bank bill as it will be passed, in all probability, by the house tonight.

The conferees on the railroad bill went to work yesterday afternoon on that measure. Before beginning the first conference Senator Aldrich expressed the belief that by working early and late it would be possible to agree upon the new rate law within a comparatively few days.

According to the plans being formulated among the house and senate leaders adjournment by July 1 seems quite probable. House members on both sides of the chamber are becoming restless, owing to pressing campaigns at home, and are evincing a desire to bring the session to a close as soon as possible.

## PRIEST TEARS DOWN ALTAR

He Thus Saves Destruction of His Church by Fire

North Adams, Mass., June 9.—Fire last night in the Church of St. Anthony of Padua caused damage to the amount of \$3000.

Rev. William Lattanzi fought the fire side by side with the firemen and with his own hands tore down the altar that the source of the flames might be reached.

Weeping, the pastor watched the flames destroy the altar cloths and statues. The fire was discovered about 9:50 o'clock by Lattanzi. The church was dedicated about five years ago, and was the first Italian church to be built in this city.

## THE PORTSMOUTH HERALD

Established Sept. 2, 1884

## CHANDLER FOR BASS

Hon. William E. Chandler is out with a letter announcing that he will support Mr. Bass for gubernatorial candidates at the Republican primaries. Mr. Burroughs' declination being settled. Mr. Chandler expresses the hope that D. C. Remick will also support Mr. Bass, and says that he wishes the reelection of Congressmen Currier and Sulloway.

His letter states that under the new primary law the man seeks the office instead of the office seeking the man, and announces that he wants to be a delegate to the state convention for formulating a platform and will, if chosen, "try to help make it a notable assembly."

He also says: "The prospect pleases me so much that I will defer to a future letter a few, a very few, disagreeable things which I feel that I must say in justice to the wholly new kind of politics that in 1910 is opening before the people of New Hampshire and of the United States." Evidently there will be some picturesque happenings in New Hampshire this year.

## THE DEMOCRATS IN CONGRESS

The Democratic party members at Washington are repeating their familiar old action of spending so much time in arguing about how a thing shall be done, that they never get around to do it.

There is not a single question of public importance, either tariff or railroad regulation or trust suppression or conservation or anything else, on which the Democrats in either branch congress have been able to present a definite party policy in regard to any bill that has been presented at any time in the present congress.

With the existence of widespread unrest and dissatisfaction the Democratic party is again showing its inability to handle government business. The Republicans are making plenty of mistakes—it must be admitted—but what, in the name of reason, would be the situation if those particular Democrats were in control? Has the Democratic party any better men to offer for the votes of the people this year?

## BIRDS EYE VIEWS

The fire losses in the United States and Canada during May, as compiled by the New York Journal of Commerce, totaled up \$18,823,200, an amount greater by about a million and a half than the showing of a year ago. Nevertheless the year so far shows improvement, the total fire loss for the first five months, though large, is materially smaller than that for the past two years.

On Friday the first national congress on industrial diseases will be opened at Chicago. Recent investigations show that poisonous ingredients, for which harmless substitutes have long been in use in Europe, are still employed in some American industries, and that thousands of work people suffer and die every year from preventable diseases of employment. In many trades from one-third to one-half of the deaths recorded are due to

one specific disease. The economic loss due to these preventable diseases is placed by the highest authorities at an enormous figure. More important by far than the prevention of this great economic waste is the conservation of human lives.

Negotiations for an international court of peace are said to be well under way with Mr. Roosevelt for its president and Elihu Root for secretary. It is to displace the international prize court proposed by Secretary Knox last winter, and is to be clothed with additional powers as a court of arbitral justice. Holland, Turkey and Belgium are to be added to the eight powers then contemplated. Germany, France and Italy are said to have already accepted and Japan practically so.

## AMONG OUR EXCHANGES

Two Legacies From Some Great Man  
Thus far, Republican caucuses in the First Maine congressional district presage the nomination of Parliamentarian Hinds of the house of representatives. It will be rather a striking sequence: if Congressman Allen, who stepped from the post of secretary to Speaker Reed into the latter's place in congress, is in turn succeeded by a man who was appointed by Reed to the post of clerk to the speaker's table.—Boston Record.

## Making a Beginning

Even the cities that are going to have safe and sane Fourth of July celebrations do not bar fireworks. The deadly blank cartridge pistol and the giant crackers are what the reformers are directing their attack at chiefly.—Portland Express.

## PRACTICE CRUISE ORDERS

Instructions for New England Naval Militia

Washington, June 9.—Beckman Winthrop, assistant secretary of the navy, in charge of naval militia affairs, has issued a set of instructions to Admiral Schrouder, regarding the Atlantic coast naval militia on their practice cruises July 23 to 30.

These instructions show that the Vermont will embark the Massachusetts militia at Boston and disembark them at Provincetown. The Louisiana will embark the Maine militia at Provincetown and disembark them at the same place.

The Georgia will take on the Connecticut militia at New Haven and land them at the same place. The Mississippi and Idaho will embark the Rhode Island militia at Newport where they also will be landed.

## ELECT OFFICERS

Building and Loan Association Hold Annual Meeting

The annual meeting of the Portsmouth Building and Loan Association was held on Wednesday evening and the following officers elected: President, John W. Emery. Directors, F. H. Garrett, William L. Conlon, A. C. Hoffenger and John Pender.

It looks as though the city was going to take possession of its public landings.

## THEY NEVER FAIL

That is What They Say About Them in Portsmouth, and It is Therefore, Reliable

Another proof, more evidence, Portsmouth testimony to swell the long list of local people who endorse the old Quaker remedy, Doan's Kidney Pills. Read this convincing endorsement of that remarkable preparation:

George S. Chandler, 61 Pleasant street, Portsmouth, N. H., says: "I do a great deal of walking in my work and in this way my kidneys became weakened, causing me intense suffering. About three years ago I turned to Doan's Kidney Pills and began using them. They cured me of kidney complaint and I have had little trouble of the kind since. Sometimes when I overwork or do any heavy lifting, I notice a slight lameness in my back, but on such occasions, a few doses of Doan's Kidney Pills bring me the desired relief. I have recommended this excellent remedy to many of my friends and in each case where it has been tried benefit has followed. Doan's Kidney Pills can be procured at Philbrick's Drug Store and should be given a thorough trial by every kidney sufferer."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

## World's Richest Woman Fighting \$569.25 Court Verdict

Mrs. Hetty Green is not satisfied with the verdict of a jury that returned a judgment against her for \$569.25 in favor of the Safety Deposit company of New York. Mrs. Green is going to appeal the verdict to the higher court. She was sued for the rental of ten safety deposit boxes. Mrs. Green said the boxes contained papers of her father's estate. "Before God they belong to me, but before the law they belong to my son. Make him pay for them," she told the jury. But the jury thought otherwise. Mrs. Green expressed her opinion so strongly that she was in danger of being fined for contempt of court. To prove that the judge is wrong she says, she will carry the case to the highest court.

## PORTSMOUTH'S ABSENT SONS AND DAUGHTERS

Send in Their Names on the Blank Printed in This Paper

The committee on the return of the Sons and Daughters are anxious that names of former Portsmouth people who are now residing in all parts of the country should be handed in as early as possible, and it is the intention of the committee that no native or former resident be overlooked.

The Herald, every day of late, has been handed several names by the people who are interested.

To help the committee on invitations and the public, this paper will print the following blank daily, which can be filled out and returned to this office, and we will see that it gets into the hands of the committee.

## Return of Sons and Daughters

Name

City or town

State

Please fill out and return by mail or otherwise to the office of the Portsmouth Herald.

## SOCIALISTS OF NEW HAMPSHIRE

A Portsmouth Man is Re-elected as the State Secretary

The socialist party of New Hampshire has just completed a referendum election of officers and one question of policy. All votes were made by the Australian ballot system, and the ballots were mailed to Secretary Charles W. Greene in this city. Mr. Greene said that about 150 more votes were cast than at the state election. The number then was 1226. The officers chosen are:

National committeeman, W. H. Wilkins, of Claremont. Secretary and treasurer, Charles W. Greene, of Portsmouth.

Executive board, Louis Arinstein of Dover, Mrs. H. L. Powell of Frankfort, Samuel McKenzie of Concord, Francis B. Cass of Keene, Mrs. Rosa Merkle of Manchester.

The referendum to raise the per capita tax from ten cents to fifteen cents a month was defeated by nine votes.

The first meeting of the new executive board will be in Socialist's headquarters, Manchester, June 19. W. H. Spokesfield of Littleton, W. H. Wellman, Charles F. Cadoret and Louis Layinsky of Nashua and Chas. Henning of Manchester were defeated in their candidacy for the executive board. Mrs. Jennie S. Drew of Ash-

land was defeated for secretary-treasurer. Mr. Greene was elected national committeeman, but he retired in favor of Mr. Wilkins his only competitor.

At the recent state convention in Manchester, the following nominations were made:

Candidate for governor, Asa Warren Drew of Ashland. For congressman, first district, A. J. Marden of Exeter; second district, Rev. Robert E. Dakeman of East Jaffrey.

## BUSINESS MEN PLAY BASE BALL

About thirty business men met at the South playgrounds on Wednesday evening and enjoyed a game of baseball that greatly amused the crowd, both players and spectators. Frank Leary and Fernald were the battery for one team and Orep Shaw and Brown battery for the other, and when it became so dark that they could not see the ball there was a dispute about which team won. The final score was 9 to 8 and you can make it other way you wish.

The game was arranged by Physical Director Howard of the Y. M. C. A., and they will be weekly events hereafter.

## FUNERAL NOTICE

The funeral services of Mrs. Hannah Locke will be held at her late residence in New Castle Friday, the 10th inst., at 2 p. m. Kindly omit flowers. Funeral private.

## YOUTH AND AGE

Oh, life, says Youth, is fair and gay,  
Each precious moment pleasure brings,  
Its sunshine never fades away  
Nor hope nor happiness takes wings.

'Tis one delightful summer morn  
Laden with blossoms fair and bright;  
I bless the hour that I was born  
To such existence of delight.

—J. E. Moore.

## PEW-WHITEHEAD

South Berwick, Me., June 9.—A quiet wedding took place Wednesday evening at the home of Mr. and Mrs. John P. Whitehead, corner of Main and Norton streets, when their eldest daughter, Miss Nellie F. Whitehead, was married to William H. Pew of Ames, Ia., son of Mr. and Mrs. John O. Pew of Youngstown, O. The service was performed by Rev. Albert E. Kingsley, pastor of the Baptist church.

The bride for the past three years has been purchasing agent at New Hampshire state college in Durham, where she met Mr. Pew, who was then a professor at the college. He is now on the faculty of the state agricultural college at Ames, Ia., where they will make their home.

"My child was burned terribly about the face, neck and chest. I applied Dr. Thomas' Electric Oil. The pain ceased and the child sank into a restful sleep."—Mrs. Nancy M. Hanson, Hamburg, N. H.

## ONE MOMENT PLEASE!

Electric Sign advertising is no longer an experiment. The most successful firms of world-wide reputation as well as the stores with whom we have done business give us facts that prove the advertising worth of Electric Signs to be far in excess of any method of advertising that has ever been devised for the amount expended.

Look for the most enterprising city of today and you will find one that uses Electric Signs on all available locations and where merchants appreciate the advertising value and use light. I am making and selling the best signs that can be produced, not the cheapest, but signs that will stand up and give service for years. Recent inventions have reduced the cost and also the cost of maintaining. Public spirit and civic pride demand well lighted business sections in our cities, why not do your part with a well lighted, artistic Electric Sign and increase your business as well.

I charge nothing for estimates or sketches and am always willing to explain details and serve your interests. Respectfully yours.

## RYE

**Strawberry Festival by the  
 Congregational Women**

Mr. Dodd from Honolulu is a Visitor  
 in Town

Rye, June 9.  
 The Every Other Tuesday club were entertained on Tuesday afternoon by Mrs. T. Herbert Perkins at her home, Rye Center. Refreshments were served by the hostess and a delightful afternoon passed by those present.

Quite a number from here attended the Pomona Grange meeting held at Seabrook on Wednesday.

Miss Hall of Eliot, Me., was the guest of Miss Elizabeth Perkins on Wednesday.

Alba R. H. Foss is on a business trip to Newburyport, Haverhill and Lawrence.

Mrs. Richard P. Goss, who has been visiting her daughter, Mrs. Edward Philbrick of Somerville, Mass., for several weeks, returned home Wednesday. She was accompanied home by Mrs. Philbrick, who will make a short visit here.

The Ladies' Aid Society of the Congregational church held their annual strawberry festival Wednesday evening in the vestry. Strawberries, ice cream, cake and coffee were served from 7.30 to 8.30, after which a very interesting entertainment was given. The committee in charge of supper arrangements were Mrs. Chester Drake, chairman, assisted by Mrs. Eldred Marshall, Mrs. Fred Burke and Mrs. Nell Philbrick. The dining room was in charge of Mrs. Horton D. Warden, Miss A. Ruth Shapley, Miss Nora Shapley and Miss Edna Brown.

Mr. Clarence Matthews was a Boston visitor on Wednesday.

Mr. Dodd of Honolulu is the guest of Mr. Pinlayson and family.

Friday evening, June 10, will be children's night at Rye Grange. The entertainment will be furnished by the children, after which refreshments will be served. A pleasant evening is anticipated and a full attendance is desired.

The funeral of Mrs. Julia A. Bookford was held on Wednesday at 2.30 p. m. from her home on the Foss beach road. The services were conducted by Rev. H. A. Barber. Interment was in Central cemetery by Undertaker O. W. Ham.

 These are only a few of our many bargains. Many of these numbers are marked much below cost.

## GOOD IMPROVEMENT MOVE.

Pupils of Grammar School Form Unique Civic League.

The Bartlett Civic League of Lowell, Mass., is made up of pupils in the Bartlett school, a grammar school used as a training school by the Lowell Normal school. Its object is to keep the school and neighborhood beautiful, clean and healthful. Any pupil in the school may join by signing the pledge, which is as follows:

"I will not injure any tree, shrub or lawn.

"I promise not to spit upon the floor of the schoolhouse or upon the sidewalk.

"I pledge myself not to deface any fence or building; neither will I scatter paper nor throw rubbish in public places.

"I will always protect birds and animals.

"I will protect the property of others as I would my own.

"I will promise to be a true, loyal citizen."

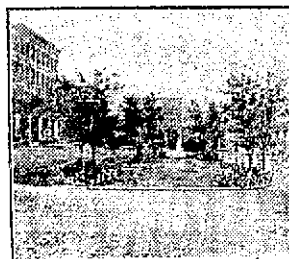

Each member is entitled to wear a button which is the badge of the league and of this form of juvenile citizenship. The officers are chosen from the school, and there is an executive committee on which two teachers serve.

There is a type of organization that would be particularly helpful in cities and towns, but particularly in towns, where there are so many more external objects with which the children may come in contact and upon the preservation of which the best interests of the community depend. Let us have such civic leagues in every school. It is the best introduction to citizenship.

## START IMPROVEMENT CLUB.

It Will Convert the Home Town into an Ideal One.

If your neighborhood has no improvement club one should be instituted without delay. The keeping of streets, parkings, alleys and vacant lots free from weeds and rubbish will alone so greatly improve the appearance of your community that no one will ever regret joining the movement. Do not cumber the young organization with a lengthy constitution and by-

A STAT PIECE OF PARKING.  
 (From American City, New York.)

laws, but adopt at the start only what is absolutely necessary to make organization a reality. The proper spirit will keep all moving smoothly. The following is a good model constitution:

First.—This club shall be called the — improvement club.

Second.—The objects of this club shall be to cultivate public sentiment in favor of improving and beautifying the school and other public grounds, the streets and roads of the vicinity and the home grounds of the residents.

Third.—The payment of — shall constitute membership during the current year of the club.

Fourth.—The general officers shall be a president, vice president, secretary and treasurer. These officers, with three members—all to be elected by ballot—shall constitute a board of directors. The appointment of all committees shall be made by the board of directors. The board of directors shall arrange programs in advance for the meetings.

Fifth.—Seven members shall constitute a quorum for the transaction of business.

Sixth.—Meetings to be held once or twice a month, as seems most convenient.

Interesting programs should be arranged for all meetings so that a variety of entertainment is provided to give that may prove to some to be a dull discussion of the objects of the organization.

Tree Mimosa.

Some of the mimosa, of which the well known sensitive plant is one, occasionally attain the dignity of a tree and are used for street and garden shade. In a warm climate they are usually somewhat sparse in foliage and for that reason are not so popular as they are in the southern states, where the summer atmosphere is far more humid. The few grown in parts of southern California have given satisfaction except where placed under hard conditions.

## LITTLE BUSINESS HINTS.

To give every dollar its highest possible working power—this must be your constant aim.

The best way to get rid of a fellow who wants to give advice is to give it to him first.

You're in business to make money, not to defend prejudices. It pays to advertise anything that it pays to sell.

Common sense and cash are a combination that has never been defeated.

The things which one hears do not count for as much as the things he tells.

When fools go to the market good merchants make money.

In business, as in life, he gets the most out of it who gives the most to it. The dividends are based on the investment.

A storm roller in a rose garden is no more out of place than a pig or a pirate in the fair field of merchandising.

## SUPERIOR COURT CASES

A North Hampton Case and a Newmarket Divorce

Exeter, N. H., June 9.—A divorce with alimony has been granted Mrs. Gertrude Morse from Dr. C. A. Morse of Newmarket. Her attorneys were Kelley, Harding and Hatch of Portsmouth.

A North Hampton controversy was brought into superior court Wednesday for settlement before Judge Robert C. Pike, it being an action taken by David J. Lamprey against Capt. William H. Jaques, both being from North Hampton, and the latter executor of the estate of the late Elizabeth Jaques. The defendant alleges that there is a bill due him for the board of cows, a horse and dog, which were placed on his farm shortly after the death of Mrs. Jaques, which occurred on April 2, 1895, and it is also alleged that the defendant promised to pay it if the estate did not. The estate refused to adjust the matter on the ground that it was unproportionate, and thus action is brought. The attorneys on the case are Page, Bartlett and Mitchell, and E. L. Guphill of Portsmouth for the plaintiff, and Eastman, Scammon and Gardner of Exeter for the defendant.

## WILD WEST SHOW CAR

Dover to See Ranch 101 Later in the Summer

The advertising car of Wild West Show Ranch 101, passed through here this morning from Dover to Salem. Dover will later see the performance, which was billed there on Tuesday.

## His Danger.

In these days of almost pre-eminent German music and musicians it is rather amusing to read the opinions of former generations concerning Teutonic singers.

Frederick the Great was so impudently unappreciative as to declare that he would rather hear the neighing of a horse than the singing of a German prima donna. Perhaps in his day there was some excuse for such a remark, but the times have changed.

There is a diverting anecdote of an Italian who was convinced that no German could sing. A friend induced him to go to the opera where Henriette Sontag sang. After hearing her sing the Italian got up to go. The friend urged him to stay, assuring him that he would be convinced soon.

"I know it," replied the Italian, "and that's why I go."

## Not Accountable.

The Mac in Bed (waking up suddenly and discovering his fellow lodger drinking his whiskey)—"Mr. Mulligan! What are you doing with that whiskey? Mulligan (with much presence of mind)—"Whist, man, whist! I'm walkin' in the shape!"—London Sketcher.

The new management of the De Witt should do well.

## Famous Expert Tells

How Fat May Be Removed Rapidly By a Simple Home Remedy Without Causing Wrinkles, Disturbing the Diet or Necessity for Exercise

"Fat is nothing but unused energy," says a prominent physician, and the man or woman who is burdened with it can easily get rid of it if they wish. All they need is 1-2 ounce of Marmola, 1-2 ounce of Fluid Extract Cascara Aromatic and 3 1-2 ounces of Peppermint Water; all of which they can get at any good drug store for a few cents. Then let them take one teaspoonful after meals and at bedtime until they are down to the weight they want to be.

This simple home receipt is far and away better than any or all the patent or secret medicines, for it reduces the fat safely and harmlessly. The ingredients are in fact beneficial to the system, having both tonic and purifying qualities, and so help rather than distress the stomach. The remedy does not cause wrinkles, for it reduces one gradually and naturally, preserving a good outline, and best of all, needs neither physical exercise to help it do the work, nor does it require any change in diet—one can get results and still take things easy—eating meanwhile just what, when and how he or she pleases. Be sure and get the Marmola in a sealed package, so that you get Marmola and not a substitute.

## NOTICE

The subscriber gives notice that he has been duly appointed administrator of the estate of Florence Ann Ham, late of Portsmouth in the county of Rockingham, deceased.

All persons indebted to said estate are requested to make payment, and all having claims to present them for adjustment. JOHN PENDER.

Dated, May 26, 1910.

# KING AND QUEEN AT EARTHQUAKE SCENE

Ayvalino, Italy, June 9.—King Victor Emmanuel and Queen Helena spent yesterday amid the ruins in Calabria, assisting to their afflicted subjects. The town is practically a heap of ruins.

Following the destructive earthquake of Tuesday, the 8000 inhabitants, bivouacked at night in the country districts. There was much suffering, but the arrival of the sovereigns Wednesday gave new courage to the survivors. At every railway station the King and Queen were greeted by crowds which streamed down from the mountains. When the train reached here it was suggested that her majesty break the trip for a brief sleep, but she refused, saying that she wished to reach Calabria at the earliest hour possible.

Their majesties were much affected by the sight which met them here. The King insisted upon going through the streets half filled with fallen walls, and visiting every spot where his direction or advice were of value. To the men he spoke with energy and firmness commanding

them to find strength in their hour of misfortune. He promised that everything necessary would be done to relieve the distress.

While the King was so engaged the Queen had a word of comfort for every woman and caresses for the children. Her majesty said she would take care of the orphans. She personally visited the wounded ones, inquiring as to their needs. Subsequently the Queen ordered her own doctor to supervise whatever medical attendance was required. Throughout the day the love of the people for their majesties found expression in spontaneous demonstrations.

Naples, June 9.—On Tuesday night a series of slight earth shocks was recorded by the seismographs at points in southern Italy.

American Ambassador Leishman today visited the American cruiser New York which is lying in the harbor. If necessary the cruiser will help work of relief for the earthquake sufferers. The Duke of Aosta today joined King Victor Emmanuel and Queen Helena.

# APPOINTED TO ESCORT PRESIDENT ROOSEVELT

Washington, June 8.—President Taft today asked Secretary of the Navy Meyer and Secretary of Agriculture Wilson, both of whom were in the Roosevelt Cabinet, to go to New York June 18 to meet Colonel Roosevelt, on his return from Africa. The President will also send a letter to Colonel Roosevelt by hand of Captain Archie Butt, his military aide, who served in the like capacity to Mr. Roosevelt. All three of these gentlemen will go down on the revenue cutter with Collector Loeb to meet the steamer somewhere near Sandy Hook and Quarantine.

Charles E. Hunter, who is president of the Roosevelt Rough Riders Association, and who lives in Oklahoma city, where he is clerk of the United States District Court, is making arrangements for the welcome to their

returning colonel by some of the survivors of his band. Mr. Hunter said his plans were not in shape as yet, but he hoped to have them completed within a very few days. "There are only 450 members of the association on whom we have a line anywhere," said Mr. Hunter, "and some of them are in foreign countries, but I think we shall be able to muster more than 125 or 150. There are about 400 in this country, more than half of whom are in Arizona and New Mexico. We shall not have a special train, but there will be special coaches out of St. Louis. But I have heard of lots of others outside the regiment who are coming. This is the fifth reunion of the regiment. We can't wear our old uniforms because they have shrunk up so or their owners grown stout. But we shall wear khaki."

# AMERICANS CLEARED FOR ACTION IN BLUEFIELDS

Bluefields, Nicaragua, June 9.—"At the first shot fired against the American flag or an American vessel, I will level the bluff." This is the reply made today by Commander Harold K. Hines, commanding the American gunboat DeSoto, to a threat made by General Rivas of the Madriz force holding Bluefields bluff, to stop by force any vessel of whatever nationality entering the harbor.

General Rivas, declaring that he will disregard the proclamation issued from Washington on May 21 to the effect that the United States Government denies the right of either faction to seize American-owned vessels or property without consent of and recompense to the owners. He has warned Commander Hines that he will prevent by force, regardless of flag, any further vessels from entering the harbor. In response to this the American commander immediately sent him the above message, which would mean the annihilation of the handful of Madriz troops now remaining in this neighborhood.

A critical situation has thus arisen which may involve the United States, but the American officers here are of the opinion that General Rivas will not attempt to make good his threat in an effort to collect customs duties. There are constant rumors of threats against the life of Thomas P. Moffatt, the American consul here, and the whole situation at Bluefields, instead of quieting, has assumed a more serious aspect.

General Carlton, who has followed up the retreat of General Chavarria, one of the commanders of the Madriz army, has overtaken him at a mining point some distance from Rama. Chavarria had established his forces in the houses, as a means of defence, and Carlton notified him that as he did not wish to make an attack for fear of damaging property belonging to foreigners, he would give him an hour to abandon his position; otherwise he would begin a bombardment.

According to latest reports General Chavarria is continuing his retreat beyond the Topaz mines, with Carlton's force in pursuit. The prisoners who were taken at the time of the defeat of General Lara have been put to work on the streets of Bluefields, under the charge of sanitary officers and marines. General Estrada is showing a firm hand. He is opening up the banana interest, which is helping business in other directions. General Lara is still in flight in the swamps, persuaded by Benito Slenz, who is sending prisoners back daily.

Washington, June 9.—The news that Commander Hines threatened bombardment of Bluefields bluffs in case the Madriz force attempted interference with American shipping entering the harbor did not occasion surprise here. At the request of the State Department, the Navy Department some days ago issued comprehensive orders to the commanders of the American naval vessels standing guard off Bluefields, and the State Department simultaneously served notice on President Madriz that this Government would not recognize the right of the Managua government to collect customs duties after the Estrada party had removed the custom house to the city. That a clash might come sooner or later was the general fear when the orders were issued.

## ACKNOWLEDGEMENT

The Trustees and Managers of the Home for Aged Women, desire to gratefully acknowledge the generous donation of ninety-one dollars from the parishioners of the Universalist church.

The sum was contributed by a large number of the friends of the Home, thereby manifesting their interest in behalf of the aged ladies, who so keenly appreciate the comforts of their home.

Thanks are due to those who gave so freely of their time and labor in

bringing about such a bountiful gift and to those who cheerfully responded to solicitations.

## MORE MONEY FOR DARTMOUTH

Hanover, June 9.—Two gifts of \$30,000 and \$10,000 each, to Dartmouth College, are announced by President Ernest F. Nichols. The gift of \$30,000 is from Mrs. Jane Eastman of Manchester, N. H., in memory of her husband, Ira Allen Eastman, of the class of 1829, who died in 1881. The trustees voted to place with it a like amount to found a new chair of political science, to be known as the Ira Allen Eastman professorship of political science.

The gift of \$10,000 is from Horace Russell of the class of 1865 of New York city, and is made conditional on his college raising \$90,000 to make a fund of \$100,000 to be used to increase the salaries of full professors.

## COOK SUES PEARY

Wants Pay for Bear Skins and Other Products, Says Berlin Paper.

Berlin, June 9.—According to Lokal Anzeiger, Dr. Frederick A. Cook, the Arctic explorer, has instituted suit in the Berlin courts, against Commander Robert E. Peary. The paper says that Cook seeks to recover \$10,000 which he alleges to be due him in payment for bear skins and other polar products delivered to the commander.

## MONUMENT TO CONFEDERATE DEAD

A monument to the Confederate dead who are buried on Johnson's Island, the war-time prison in Sandusky, O., Bay, was dedicated Wed. Hundreds of Southerners, men and women, representing nearly every state of the Confederacy of 1861-65, attended the ceremonies.

## COURT-MARTIAL OF CAPT. HAND

On charges of conduct unbecoming an officer and of being absent without leave, Captain Daniel W. Hand, formerly quartermaster captain of the transport Sherman, was yesterday placed on trial before a court-martial at the Presidio in San Francisco.

# MEETING ON RAILROAD BILL

Washington, June 9.—After a call at the White House yesterday with Senator Aldrich, to learn the President's views of various subjects at issue, Senator Billings announced that he would call a meeting of the conferees on the railroad bill today.

While the insurgent senators were told yesterday that it must be the senate bill or nothing, and declaring that they were prepared to fight all summer if necessary, the President indicated that there were two changes he would like to see made in the bill, in addition to the elimination of the 60-day clause in the paragraph giving the interstate commerce commission the right to investigate and suspend new rates.

Mr. Taft is anxious that the house provision for a supervision of the issuance of stocks and bonds by the railroad companies should be accepted by the senate.

He regards this feature of the bill as one of the pledges of the party, and he does not agree with the position of many of the senators that such a provision could be construed as interfering with states' rights. The President believes that the 10 months allowed to the interstate commerce commission in which to investigate rates before acting on them is entirely too long a period. The President's experience with the law has been that where a specified length of time is allowed a tribunal, it generally is availed of. The noise bill allows 120 days. President Taft thinks six months would be a better period.

The railroads will try to secure the shorter period. As to the supervision of the issuance of stocks and bonds however, the railroads will vigorously oppose the putting of any such provision in the bill.

President Taft told Senators Elkins and Aldrich today that he was anxious that the conference should proceed as rapidly as possible and that there should be a satisfactory bill.

The "insurgents" indicated that they would fight to the last ditch for

the retention in the railroad bill of the advantages which they claim to have secured for the people. They made clear that they would vigorously oppose the adoption of the conference report if their amendments were stricken out.

"We have sent for our hot weather clothes and are prepared to stay here until September," declared Senators Dilliver, La Follette and Bristol, when asked whether the action of the house in sending the bill to conference meant delay in final action on the measure. These "progressive" senators were disposed to attribute the defeat of the Leinroo motion to concur in the senate amendments to the influence of Tammany hall, but thought the close vote indicated strong approval of the senate measure in the house.

All of the "insurgents" expressed confidence that the senate conferees would insist upon the retention of important amendments which the progressive had placed in the bill in the senate.

## TESTING SUGAR BEET SEED.

Upon its Root's Ability of Roots to Produce Maximum Quantity of Sugar. Testing the roots is one of the most important steps in the production of beet seed, since the value of the seed depends not only upon its quality from the standpoint of germination, but also upon the ability of the roots produced to store a maximum quantity of sugar with a minimum quantity of salts. With our present knowledge of seed production the standard of high grade seed can be maintained only by the most careful and rigid testing and elimination of all roots that are not of a satisfactory quality. Having selected roots of suitable size and shape, a typical core is removed by means of a drill which is passed through the beet at an angle, as shown in the illustration. This core is tested for sugar by the usual polariscope methods. The ability of a seed grower to maintain high quality in the root is one of the most important conditions in the establishment and maintenance of the beet seed industry, says the year book of the department of agriculture.

There is a great deal of confusion in the minds of plant breeders regarding the real purpose of the selection of the roots from the standpoint of sugar content. Careful observation would seem to indicate that breeding a selection for high sugar content have to do mainly with the elimination of those individual roots that will not respond readily to favorable conditions of soil and climate with respect to the formation and storage of sugar and the preservation and perpetuation of those roots that will respond to the conditions. High sugar content, therefore, does not seem to be a fixed character in the same sense as size, color, form, etc., but will vary to a marked degree when the conditions of growth are changed. For example, seeds from the same plant when planted in different parts of the country have been known to produce roots having a difference of

SEED BEET SHOWING METHOD OF TESTING FOR SUGAR.

more than 7 per cent in the sugar content, while the shape, color and general habits of growth remained the same. The importance of selecting the seed for sugar content cannot be overestimated, and because of the importance of this work and the difficulties attending it, sugar beet seed growing can be carried on successfully only with special equipment, by the exercise of the greatest care and consequently at considerable expense.

## Charcoal as a Fertilizer.

Charcoal has but little plant food, yet it usually shows results. It gives light soils a darker color, thus making them warmer. It also makes soils porous and increases their power to hold water. Charcoal is a fine absorbent for gases. When worked into the soil it will no doubt prevent the escape of some of the ammonia formed when organic substances decay. For these and other reasons charcoal will help, especially on light soils.—Rural New Yorker.

## Planting Watermelons.

Watermelons should not be planted until all danger of frost is over and should be planted in hills about ten feet apart each way. The more modern method of watermelon culture is to plant out the rows one way, fill the trenches with manure, thoroughly mix the manure with the soil in the trenches by running back and forth with a scissor plow, then throw the soil back again and plant the seed on the bed thus formed.—Orange Judd Farmer.

## FARM NOTES.

Few farmers know the names of one-tenth the weeds and grasses that grow on their farms. More knowledge in this direction would help.

When you give the boy a calf to raise don't pocket the money as soon as it is sold. That might teach the little fellow to be dishonest.

A prominent dairy journal declares that the dual purpose cow is a failure in the dairy herd. The dairy type cow is decidedly the most profitable.

It is better for both mare and colt for the latter to come in the spring. It is the natural growing season and causes less friction and harshness.

A hog that weighed 1,008 pounds alive and 1,336 pounds when dressed was recently slaughtered in England. It was a Jersey red boar, two and one-half years old.

Market products must be viewed from the buyer's side and not your own. You think to sell a two-pound male chick is waste, but the customer will pay more than after he is fed two or three additional months.

## HOTEL HAS NEW MANAGEMENT

## The DeWitt is to Reopen Soon with Two Well Known Portsmouth Men in Charge

Thomas B. Ruxton and Cornelius Quinn, two well known young men of this city, will shortly take possession of the Hotel De Witt on Chestnut street.

Messrs. Ruxton and Quinn have recently been in the restaurant business at Hartford, Conn., which they are now closing out in order to reopen the hotel.

Both men are popular among a large circle of Portsmouth people.

They are active and well known for their activity and ability to hustle at all times. They will strive to conduct the business of this hostelry in an up to date manner.

The traveling public and everybody else is assured of excellent service when the De Witt reopens under this new management.

## AT NAVY YARD

## The Eagle Arrived Here This Morning

## The Ajax Gets Away from the Yard Today

## Wants More Leave for Government Workmen

Representative Butler of Pennsylvania, a member of the naval affairs committee, introduced in the house on Wednesday, a bill granting 30 days' leave of absence with pay annually to all employees of navy yards, naval stations, gun factories, arsenals, proving grounds and supply stations and depots. Absence on account of sickness is to be deducted from the leave.

## Money for Injured Workmen

An omnibus personal injury award bill, carrying \$20,000 for distribution among twenty-four beneficiaries, has been ordered favorably reported to the house by the claims committee. This is claimed to be the first systematic recognition of the claims of government employees for personal injuries sustained in the line of duty. Employees at the Boston and Portsmouth yards are among the beneficiaries. The bill allows one year's additional pay at the compensation the person received at the time of the injury.

## Eagle Arrived Today

The U. S. S. Eagle from Cuban waters in command of Harlan P. Perrell, arrived here early this morning. The vessel will be thoroughly overhauled and repaired.

## Ajax Got Away

The U. S. S. Ajax, Captain Hutchinson sailed at 2 o'clock this afternoon for Hampton Roads.

## Where is the Marcellus?

Although the dry dock was made ready in a hurry for the U. S. S. Marcellus several weeks ago, the ship is among the missing as far as this yard is concerned.

## Part of the Work to Be Done

The department has approved some of the work recommended on the U. S. S. Hannibal at this time. An effort will be made to have it all carried out if possible.

## Gone on Recruiting Duty

Chief Steward W. A. Merryman of the yard hospital, has been transferred to the recruiting-station office at Boston.

## Gone After Man

Chief Master at Arms Wolf of the U. S. S. Southey started today for Philadelphia to bring a detachment of court martial men to the prison ship.

## Only Two Today

Two moulders' helpers were the extent of the calls issued by the labor board today.

## Officers from Ships Here Assist at Wedding

Midshipman Arthur S. Carpenter of the U. S. S. Marietta was best man and Archibald Douglas of the U. S. S. New Hampshire, an usher at the wedding of Midshipman Frederick Howard Babcock and Miss Gertrude Terrill Bodine at the Church of the Heavenly Rest in New York on Tuesday.

## FUNERAL OF MISS TARLETON

The funeral of Miss Ann Tarleton

was held at her home on Livermore street at 11.30 o'clock today. Rev. Alfred Gooding conducting the service. She was laid to rest in South cemetery. The funeral director was O. W. Ham.

## PERSONALS.

J. W. Ricker of Poland Spring, Me., is in the city today.

Mrs. Roger Outwalte left today for a visit to her former home at Epping.

Rev. Harold M. Polson was at Biddeford on Wednesday evening and officiated at a wedding.

Miss Edith Wallace of Barnet, Vt., is the guest of Justin V. Hanscom and family of Islington street.

Supt. J. S. Whitaker of the electric light company, is attending a convention of electrical engineers.

Col. Charles F. Towle, the well known theatrical manager, has been visiting his mother in this city.

Rear Admiral F. H. Delano, U. S. N., and wife are entertaining their son, Captain Delano, U. S. M. C.

Hon. Frank W. Hackett attended the meeting of the New Hampshire Historical society at Concord on Wednesday.

Mrs. Mary McIntire of Lynn, who has been the guest of her sister, Mrs. Robert Anderson on Daniel street returned home today.

Joseph E. Frisbee of Portsmouth High school has been appointed by the New York Herald to be marine reporter of this port. His residence on Tavistock island will allow him to perform this service to the New York Herald with dispatch.

Winslow T. Perkins of Malden, Mass., former superintendent of the Eastern division of the Boston and Maine railroad, was a visitor in this city on Wednesday, and made a trip about the city with Judge Page in the latter's touring car.

## A MISTAKE SOMEWHERE

Association of Masters, Mates and Pilots Cannot Endorse Any Political Candidates

Piscataqua Harbor, National association of Masters, Mates and Pilots, states that through some misunderstanding it was given to the press that the organization at its last meeting, held on Tuesday night, endorsed the Hon. Cyrus A. Sulloway for congress in the first district of New Hampshire.

The association claims that it cannot endorse any man for a political office and that the story already printed must have originated from the fact that the harbor simply voted to extend to Congressman Sulloway its sincere thanks for the interest he has shown in the improvements recommended by the association and the work he has performed in carrying out the same.

Such action as the endorsement of any candidate for office, the members say, is unconstitutional, according to the by-laws.

## MRS. GEORGE V. LOCKE

Mrs. Hannah Locke, widow of Geo. V. Locke, died on Wednesday at New Castle, aged

She leaves three sons and three daughters, Fred Bell of New Castle, John Bell, Benjamin Bell, Miss Hannah Bell and Mrs. Sarah Lynch, all of Haverhill.

## UNITED STATES COURT

The case of Whitney versus Martin is still on trial in the United States circuit court. The examination of the first witness, Mr. Martin, which was begun on Tuesday forenoon, is not yet finished.

The handout party was an excellent affair.

## JUMPS SHIP

## Wisconsin Pet on a Hike Headed for Dover

Has anybody here seen Murphy, the pet kangaroo of the battleship Wisconsin? If so please notify the ship's crew at once.

He is missing from the vessel and when last seen was headed toward Dover. This is the first time that he has broken liberty to the extent of getting off the navy yard since the ship came in this time.

The crew are anxious to get him back and if he is not heard from before night a searching party will hunt him up.

Last year he got tired of ship life and took the same hike up through Elliot and nearly into Dover.

It took a good part of a day for the deck division to locate him and the jackies cannot understand what attraction York county has for Murphy anyway.

## BODY FOUND

## Of Soldier Who Was Drowned on May 22

The body of Guy L. Fellows of Fellows of Keene, a private in the 156th company, coast artillery, who disappeared eighteen days ago, was discovered in the river, by two men crossing the New Castle toll bridge early this morning.

They notified the police, and they in turn called Dr. Wallis D. Walker, medical referee. After viewing the body Dr. Walker turned it over to the army post at Fort Constitution.

When found, the body was about fifty feet south of New Castle bridge. It was nearly erect with feet in the mud and was badly decomposed.

It is understood that the remains will be buried at Fort Foster, on Gerish island.

Don't use hard physics. The reaction weakens the bowels, leads to chronic constipation. Get Doan's Regulents. They operate easily, tone the stomach, cure constipation.

## JACK THE HUGGER

## Mysterious Night Prowler is Again Seen in the City

"Jack the hugger," or Jack "somebody," is still making his appearance on Pleasant street, and on Tuesday night he caused much fright to two young girls, who reside on that street, by his queer actions. He did not speak or attempt to lay hands on the girls, but the conditions under which he appeared are certainly convincing that the man, whoever he is, is determined.

From the description given, he is the party that has been acting so queer in the neighborhood of Haven park and the Langdon mansion.

## POLICE COURT

Three fighters and three for drunkenness were before the court today. Thomas Flaherty and Arthur McGovern, mutual assault, were released after paying \$1.00 and costs of \$5.36.

Daniel Hofferiman, assault, \$2.00 and costs of \$5.36.

Arthur Gordon, drunk, 90 days in jail and costs of \$6.90.

Perley Fall and Daniel Dacey, drunk, cases placed on file.

## IT'S A SWEET THING!

Lots of Love at Depot on Every Sunday Night

The parting of a young man and his sweetheart at the Boston and Maine railroad station at 7 o'clock every Sunday night appears to be quite amusing to people who are at the station at that time.

From the loving embraces and osculation performances one would get the idea that her honey boy was off to the battlefield, and was expected never to return.

However, it pleases the couple, and everybody else should be satisfied, if they are.
